

To
Prof Khan Amir Maroof
Coordinator, Medical Education Unit, and
Convener, Curriculum Committee
UCMS and GTB Hospital, Delhi-95

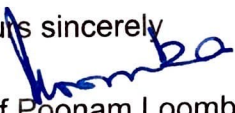

I extend my appreciation for the unique and pioneering initiatives of the MEU, UCMS, in the field of medical education.

MEU, UCMS is leading in the field of medical education with its initiatives such as Near-Peer Mentoring program and Inclusive Medical Education. They have developed the Disability Competencies which got incorporated by the National Medical Commission (erstwhile MCI), a noteworthy achievement by a Medical Education Unit.

This college has seven FAIMER Fellows which is a big number in a medical college and it highlights the MEU's lead in capacity building of its faculty in medical education. Their leadership in Medical Humanities is even globally recognised now with their work in using novel teaching learning methods in medical education such as Theatre of the Oppressed, Poetry, Visual arts, all of which were first of its kind initiatives.

We are also proud to have the Medical Education Unit, UCMS, a shining medical education unit as a part of the group of colleges under the NMC Regional Centre of MAMC, New Delhi. I wish the Medical Education Unit of UCMS all success and commend their contribution to the domain of medical education and medical humanities.

Yours sincerely

Prof Poonam Loomba
Convener,
NMC Regional Centre
MAMC, New Delhi

Dr. Poonam Loomba
Director-Professor & Head of Microbiology GIPMER and
