Activity Report

Organum Donum - Organ donation awareness

Blood Donation Camp

Venue of the event: Conference hall, UCMS

Date/s of the event: 14th June, 2023

Summary of the event

On 14th June, 2023, Organum Donum in association with the Regional Blood Transfusion Centre, GTBH organised a blood donation camp in UCMS.

Shri Ramniwas Goel, Hon'ble Speaker, Delhi Vidhan Sabha inaugurated the event. Dr. Anil Yadav (AMS,GTBH) , Prof. Sanjay Chaturvedi, Acting Principal, UCMS, Prof. Kishore Singh (DSCI), Prof. Khan Amir Maroof , CM department graced the occasion.

Our team members coordinated at every step of the event. The students took charge of registrations, refreshments, certificates, guiding the people, photos and recording etc.

Many people started coming by 9 a.m which was a great start to the event.

To brief the steps, One has to first fill a registration form regarding some important details then his/ her weight and haemoglobin levels were checked. If the person was eligible he/she was given a collection bag with anticoagulant and wait for their turn.

The phlebotomist were present at the various counters who helped in the blood collection, thereafter the person was given a donor card and a sample of his/her blood was separated in a vial for screening. We, then guided them to take the bandaid, certificate and refreshments.

Dr. Abhishek Garg, Founder Organum Donum donated for the 25th time.

We saw great participation from our undergraduate students, residents and faculties. The event continued smoothly with great support from Prof. Richa Gupta, HoD Blood Bank and the Blood Bank staffs.

Manchayan, the dramatics society of UCMS collaborated with us by helping us mobilise people for blood donation by performing a Nukkad Natak in Nand Nagri on 13th June,2023. In this the community medicine department and Red Ribbon Club, UCMS supported us.

The event couldn't have happened without the support and guidance of Prof. Khan Amir Maroof Sir and Prof. Richa Gupta Ma'am. The student volunteers were from batch 2021 and 2022 who helped us in managing the event.

We achieved 200+ donations which is a new record for our society and we are grateful to everyone who donated and helped us in making it a successful venture.
