Circumventricles - Medical Quiz

Collisio Cerebri

Venue of the event: Lecture Theatre 1, UCMS

Date/s of the event: 28th August, 2023

Summary of the event

Collisio Cerebri was a medical quiz based on pre and para clinical subjects. Participants from several medical college of Delhi like MAMC, LHMC, NDMC, ABVIMS, AIIMS had taken part in the quiz. There was a prelims round which followed an innovative "staggered elimination" concept, ensuring maximum participation from contestants. The rest of the rounds were also well received from the audience, with the audience reporting that the quality of questions was well beyond their expectations. The team also received some constructive criticism regarding timing, which we will surely work upon from next time. The winners were Tejas Sekhri and Vidhi Gupta from MAMC and the runners up were Dhruv wadhwa and Dipanshi malhotra from HIMSR. Overall, we believe that the quiz was a great success, and we shall strive to improve upon this experience from our next quizzes.
