To

Prof Khan Amir Maroof
Coordinator, Medical Education Unit
Convener, Curriculum Committee,
UCMS and GTB Hospital, Delhi-95

Firstly, I extend my heartfelt appreciation and sincere acknowledgement to the Medical Humanities Group of the Medical Education Unit, UCMS and GTB Hospital, Delhi (MHG, MEU UCMS) for their extraordinary work in the field of Medical Humanities and Medical Education. Their incredible support to the faculty development programs in medical education in the North East Region of the country is highly commendable.

We thank the MEU UCMS for their hand holding for faculty development which helped Jorhat Medical College to become the first NMC Regional Center in the North East region of India through Medical Humanities Workshop, through participation in the NCHPE here and also through online mode.

MHG- MEU UCMS gave an opportunity to our medical students to explore and also to showcase their talent in medical humanities at the global platform i.e. the conference of Association of Medical Education at the University of Greenwich, London.

Moreover, the Theatre of the Oppressed Workshop conducted by the MHG, MEU UCMS has introduced Medical Humanities in this region which has inspired us so much that we have now launched a Medical Humanities newsletter and also celebrate a Medical Humanities Day every year.

MEU UCMS leads in conducting unique learner centric research methodology workshops and they have conducted such training sessions for the faculty of our university too which was well received and got excellent feedback.

I highly recommend the Medical Humanities Group of MEU UCMS as the leading light of medical humanities not only in India but at the international level.

Wish the MHG MEU UCMS all the success.

Prof Purnima Barua

Convenor

RC-NMC, Jorhat Medical College
