

Near Peer Mentoring Programme 2022

Brief Overview

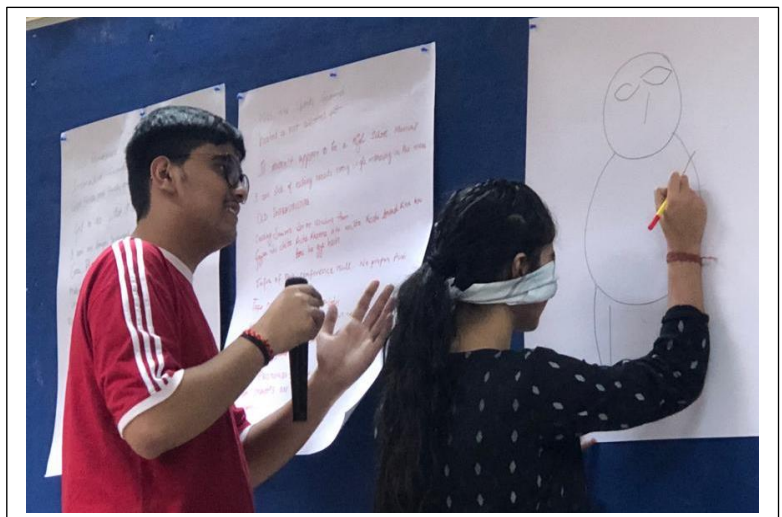

Transition from school to college environment and that too a professional one, exposes a student to a lot of mixed feelings. Along with a sense of accomplishment, responsibility and freedom comes a medley of negative emotions viz. anxiety, indecisiveness, self-doubt along-with burden of studies. A miniscule of direction, assistance, support and mentorship would help to curb these issues. And, who can be a better visionary for these youngsters than those who already have cruised through the same journey.

In 2009, the Medical Education Unit (MEU) of our institute initiated a program in which volunteer faculty mentored first-year MBBS students. However, this was transformed to Near-Peer mentoring (both faculty and senior students being mentors to first years i.e. mentees) in 2010 pertaining to few pitfalls of the original idea such as reluctance and time constraints. This near-peer mentoring program proved to be a success owing to closeness of mentor to the social, professional and age level of the mentees.

With the similar vision, mentoring programme was relaunched for batch 2022 with the formation of a novel Near Peer Mentoring Committee by Medical Education Unit (MEU). The introductory session involving 1st year students, Mentoring Committee (Dr. Vishakha, Dr. Shilpi Goyal, Prof. Alpana Raizada and Prof. Satendra Singh) and Dr. Dheeraj Shah (Faculty incharge MEU & Academic activities UCMS & GTB Hospital) was held on 24th Nov' 2022.

Later on, the google forms for mentees and eligibility forms for mentors were circulated, filled in and collected. The data was segregated and the groups were formed keeping in mind the similar co-curricular interests of the mentors & mentees.

Interactions and ice breaking sessions for various groups were conducted on 12th April, 17th April and 18th April' 2023. The groups were introduced among themselves and were then asked to carry on from there. Next meeting of the mentors & mentees with the committee to be held in August' 2023 tentatively.
