Activity Report

Society for Welfare of Underprivileged Children (SWoUC)

Society orientation

Venue of the event: LT-1

Date/s of the event: 20/09/23

Summary of the event

Orientation with the 2023 batch

Explained the whole journey of society

Interacted with students. Have they done this work earlier .How many of them wanna join .why they wanna join . akansha mam asked about the intention to become a doctor. Very variable response came .It was my first interaction with my juniors in such way .First time in life i was addressing to my juniors.it was wonderful experience.I was feeling nervous & was blank for sometimes .I hardly spoke for 4-5 minutes.Akansha mam's interaction was fabulous.she was interacting just like she interacts with children in the field with love , care .Finally we handed the mic to amir sir .Just like everytime he came with new ideas .new josh .It was really a wonderful experience for me personally

Some glimpses

Organising team

Dr akansha Aggarwal

Dr monica azad
