Activity Report

Circumventricles - Medical Quiz

Squid Game 2.0

Venue of the event: Lecture Theatre 2

Date/s of the event: 1st November, 2023

Summary of the event

As a follow up to last year's quiz, Squid Game, this quiz also aimed to subvert expectations and shake up the traditional rules of other quizzes. We are delighted to report that the quiz was a resounding success.

Each round brought its own twist to the game, keeping the participants on their toes and testing their knowledge and adaptability. From the strategic and teamwork-focused 'Human Chess' to the unpredictable 'Chaos Cards' that disrupted the rules, each round pushed boundaries and kept contestants engaged. 'The Final Game' culminated in a high-pressure race to diagnose a clinical case, showcasing the finalists' medical acumen. This year's quiz wasn't just a test of medical knowledge; it was an immersive experience that challenged both minds and strategies, keeping participants engaged from start to finish

The winner of the quiz was Gautam Chellani from MAMC, followed by Vidhi Gupta and Mihir Rai in the runners up positions (both from MAMC)

We also collected feedback from the participants, and their positive remarks and constructive criticism will ensure that our quizzes will maintain the high standards that we always set for ourselves. We thank the MEU and the organizing committee of Medicamentum for giving us the opportunity to showcase our creativity in the form of a medical quiz.
